PORTLAND

HISTORIC STAIRWELL
PENTHOUSE TO MEZZANINE LEVEL

The Historic Stairwell is a twelve story original marble stairwell that features over 160 photos and stories of Portland, some dating back to 1847, and its many historic landmark buildings, including the venerable Benson Hotel and its transformation over 100 years.

AN AMERICAN SUCCESS STORY

Simon Benson, successful businessman and philanthropist, spent a decade of public service directed at the State of Oregon and the City of Portland, many contributions of which are highlighted in the stairwell.
